

Self-Assessment Passage for “Improving English Classes”

‘Three Cities’

Manila is not only the oldest city but also the biggest. It has a population of 23 million, and is enormous! Manila is much bigger than Singapore, and it’s much noisier too. Dubai is smaller than Singapore. It’s the smallest of the three cities. Singapore and Dubai are both top financial centres, but Singapore is more important. It’s better for business. There are a lot of foreigners in both Singapore and Dubai. These two cities are more cosmopolitan than Manila.

Please take note:

Thank you for considering Aidha’s “Improving Your English” language programme.

Please read the passage above – this is part of the materials that will be used for the lessons.

We would like you to use this to consider if this course is suitable for you/your helper. If you or your helper is unable or have difficulties understanding the passage, you may like to consider taking English language courses at more basic levels at other organisations – our helpful staff members at the student services office can help make suggestions.

Once you have signed up and paid for the class, Aidha would not accept requests for refunds that are related to learning difficulties.
